BRIAN SENEAL ESCORTED GROUP TRIP TO

Blue Horizon

LIVEABOARD, RED SEA

APRIL 5 - 12, 2021

The award-winning M/Y Blue Horizon is the flagship fleet vessel. With a contemporary and stylish feel, Blue Horizon takes Red Sea liveaboard diving to a whole new level and is truly deserving of 'Liveaboard of the Year' awarded by DIVER magazine in their recent industry awards. The aim of 'Project Shark' is to highlight the global issues facing sharks, taking in the world-famous marine parks of Rocky and Zabargad, as well as focusing on the stunning reefs of St Johns and Fury Shoal, this itinerary offers divers the chance to dive a wide range of dive sites, allowing them to get away from the crowds. Learn about the biology and behaviour of sharks within the Red Sea with nightly lectures from a representative of the "Red Sea Sharks" trust.
